How businesses use the Internet

E-mail

- Make communication easier, faster
- Use special interest listserves to share information and make useful new contacts

Government information

- Get information about departments, agencies and legislatures; text of regulations, congressional bills, historic documents
- Get names, titles, addresses, phone numbers
- Get RFP's and RFQ's

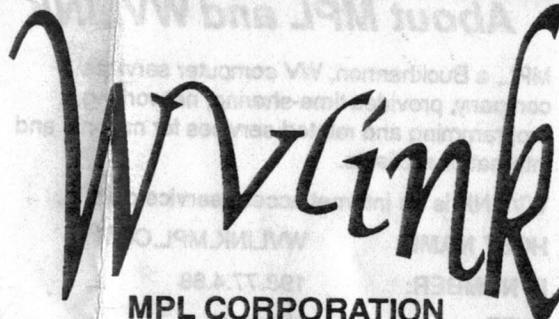

Business information

- Acquire company profiles, product information, advertisements
- Get access to databases
- Submit bids electronically

General information

- Get basic economic data, general business data like financial and how-to information, papers and studies
- Download shareware programs, tax forms
- Investigate job postings, acquire resumes

— And more!

A large, stylized version of the "WVLink" logo, with the letters in a cursive, handwritten style.

MPL CORPORATION
P.O. Box 2226
Buckhannon, WV 26201
(304) 472-9520

A graphic with a grid background. The text "ALL BUSINESS TO INTERNET" is written in large, bold, block letters. The letters are slightly tilted and overlap each other.
